CREDIT AND GRADING SYSTEMS

The organisation and evaluation system of the Courses is based on ECTS credit system in order to allow students mobility across the European Community and validation of the exams taken abroad. 1 CFU (University Educational Credit) used at UKZKM according to the Italian system, equals 1 ECTS credit. Each credit consists of 25 hours of activity that includes frontal lessons, laboratory practice, seminars and individual study.

ECTS credits: 1 full academic year has 60 credits and 1 semester has 30 credit. For Undergraduate and Master level, examinations assessment is expressed in grades calculated on a scale of 0 - 30 with the possibility of awarding 'cum laude'. Pass grade and lowest mark for examinations is 18 and maximum grade is 30 (cum laude).

As far as the final dissertation is concerned, a 110-point grading scale is used where 66 is the minimum passing grade, and cum Laude is added to the maximum grade to praise outstanding results.

For some activities like language courses and/or at choice courses or seminars, students may not be given a grade but merely a "Idoneo"/"Pass".
